

# CUORE

### AGENDA

• History, uniqueness and values of the brand

Innovation 2023

### HISTORY

**Since 1959**, Cuore is ideal for a healthy and balanced diet, keeping cholesterol level under control.

The packaging design and logo have become a true **contemporary icon**.

The best product standards allow Olio Cuore to guarantee the **health properties** necessary for maintaining cholesterol levels thanks to the linoleic acid (omega 6), naturally contained in the product.

The constant presence in communication and the legendary **"jump of the fence"**, which has become a strong brand property, contribute to making Olio Cuore unique.

**Since 2017** Cuore has expanded its family, with the launch of **Vegetable Mayonnaise**.

### **UNIQUENESS & VALUES**

«Eat well, feel well»

#### ICONIC «JUMP OF THE FENCE»

The constant presence in television communication since the seventies as the legendary "jump of the fence", which has become an icon of the brand.

#### QUALITY

Extraordinary attention to ensuring the best product standards and a meticulously controlled production process.

#### **RESEARCH AND WELL-BEING**

Serious and constant commitment in the medical-scientific field, promoting **research and scientific dissemination** in the field of nutrition and well-being.

## **BRAND POSITIONING**

For those who follow a careful and healthy diet without renouncing taste, Cuore is a food project oriented towards prevention and wellbeing at the table:

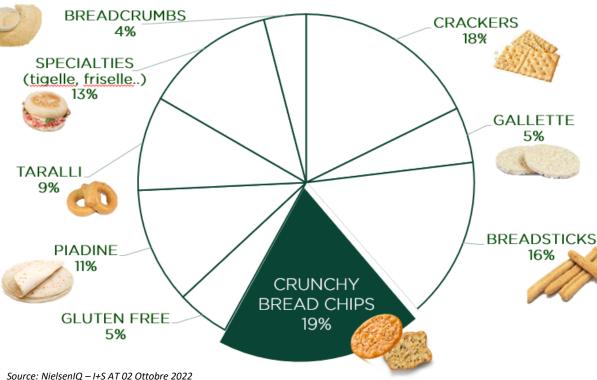

it offers good and functional products that help you to take care of yourself, feel fit and live with taste, for over 60 years.

Easily digestible pseudo cereal

#### Bean flour and pea protein

INULIN PREBIOTIC fiber from chicory root that helps maintain the balance of intestinal bacterial flora

### **PRODUCT TEST: HIGHLIGHTS**

#### **OVERALL SATISFACTION**

All three variants of bread chips proposed obtain ratings in line or even higher than the other products belonging to the same category: Galbusera Buon per tutti – Misura Natura Ricca.

#### SENSORY ASPECTS ?

The three Cuore bread chips were all appreciated and evaluated as "right" in consistency and crunchiness.

Galbusera was weak in flavor and not very savory, with a texture too soft and not very crunchy.

Misura instead in addition to being a bit 'too light in color', it was too weak in flavor, too hard and not very crunchy.

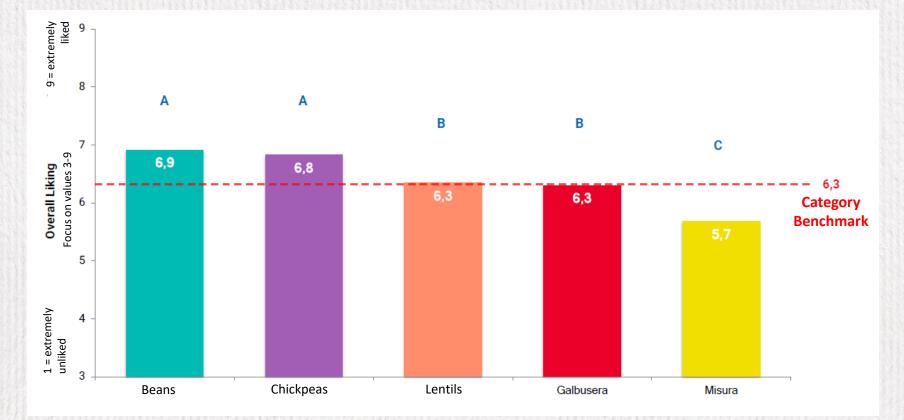

#### **PURCHASE INTENTION**

All three Cuore bread chips show a VERY GOOD propensity to buy. Especially:

- Beans and Chickpeas show a **STRONG** propensity to buy.
- Lentils shows a **MEDIUM** propensity to buy.
